Winston Churchill is coming into his own --- There's
nothing like fighting for yourself the losses of your
enemy -- The Communists are opposed to military con-
scription -- in this country, not in Russia! - - - - - 88

Herman Goering is a great lover of animals -- Anti-Sem-
itism is nothing more nor less than a form of insanity --
in war, whatever happens, the people are always on the
defensive -- Imagine, having another American Legion on
our hands -- Why is war-lunacy more prevalent among

professors than among other classes of the community? -- Why not also a growing number of ex-presidents? - - - - - 54

Let justice be done, and the heavens will not fall! -- Boss Hague, of Jersey City, is vice-chairman of the Democratic national committee -- What is a poll worth anyhow? -- A nation-wide health program to "toughen Americans." -- Civilian casualties larger than those of any one of the three armed services -- When and if we go to war, the President will blame our action on Germany, Italy, and Japan - 70

Saving America from Hitler! -- One wonders, with destruction wrought, that the war is still going on -- What does a prayer count for? -- If Martians should attack this planet tomorrow, German and English would straightway forget their quarrels -- American aviation companies did their part to assist Germany's air armament -- Feeding people of conquered France on the basis of the Hoover plan. - - - 86

Chamberlain's Munich Pact weighs more than all the glories of the sword -- The administration's policy toward conscientious objectors promises to be exemplary -- Minister of Home Security in the British Cabinet to visit the death-strewn streets of Coventry -- Churchill says that the war against Germany will be reaching its flood in 1943 and 1944 --The price of an advertised article is "plentifully less than you will pay elsewhere." -- "Nazi" and "Nazareth" begin with the same syllable. - - - - - - 102

Hardly enough to be thankful for in this world to justify a double holiday -- Give thanks that there is only one Christmas -- Why France fell -- Lord Tweedsmuir was a prolific author -- Assisting Tschaikowsky! -- British reports of highly successful engagements with Mussolini's navy - 117

But one ruler who celebrated Christmas in the spirit of Christianity -- Liberty is the price of modern war, not its dividend -- The Princess Stefanie Hohenlohe Waldenburg Schillingsfurst, deported -- Quicker to post letters to the Isle of Man by air mail via South America than by direct inland surface mail -- Old and famous University of Copenhagen has been closed during the winter! --Where raging Mussolini weeps and swears - - - - - - - - - - - - 133

Additional 1940 dead -- Ruler who celebrated Christmas in the spirit of Christianity is Pius XII, Pope of Rome -- Fashion decrees shoulders shall be "natural" -- Think of radio listeners being denied all the music of our contemporary jazz orchestras! -- Zog, King of Albania, and Hailie Selassie, Emperor of Ethiopa, must be reveling in every headline -- To drag Ireland into the war and to keep Spain out are now the chief aims of Allied diplomacy, including the American -149
